	% of exams/test takers reported*		42%	58%	1%	14%	3%	14%	62%	4%	1%	31%
	Total (Total Cohort ²)	1,172,296	519,023	653,273	7,028	142,628	100,042	204,406	660,353	40,295	17,544	290,997
	% of exams/test takers reported*		44%	56%	1%	12%	9%	17%	56%	3%	1%	25%

* In the "Totals" section for the "# of Exam Scores Reported" columns, the percentages represent the number of exams with scores of 3, 4, and 5 **compared to the total number of exams reported** for scores of 1–5. (For the total number of exams reported, see the "Overview of Test Taker Scores Reported – Part I" page of the report.) For all other columns, percentages in the "Totals" section represent the number of test takers for each characteristic **compared to the total number of test takers reported**.

Bates Technical College	4152	TACOMA	WA	0
Clover Park Technical College	3971	LAKEWOOD	WA	0
Lake Washington Institute of Technology	1453	KIRKLAND	WA	0

DATA NOTES

The following characteristics represented in this summary are reported by students during exam registration:

- Test taker origin (In-State, Out-of-State, Non-US)
- Gender
- Ethnicity/race
- Parent education level

Because of rounding, sums of percentages may not equal 100 percent.

1. Who is represented in this report?

This report includes public and private high school students in the US and abroad who indicated 2013 as their graduation year and who sent AP scores to your institution(s) between March 1, 2013 and October 31, 2013 (in their graduating year). The report includes all AP Exams taken by this population during high school.

Students may have selected your institution(s) as a score recipient during their exam registration, or they may have requested a transcript to be sent to your institution(s) at a later date.

Why did we include only these students?

Our analysis shows that students who send AP scores to an institution between March 1 and October 31 of their high school graduation year have more than a 90% likelihood of matriculating at that institution. Our aim was to align our data as closely as possible with students who are actually enrolled at your institution(s). For this reason, we have not included students who only sent scores to your institution(s) outside this period of time.

2. Total Cohort includes all public and private high school students in the US and abroad who indicated 2013 as their graduation year and who took an AP Exam at any point during high school.
3. The College Board and the American Council on Education (ACE) recommends granting credit/placement for AP Exam scores of 3, 4, and 5. Research also correlates these scores to academic success and opportunity; students earning a 3 or higher on an AP Exam tend to earn higher GPAs and to graduate within 4-5 years at a higher rate than non-AP students.
4. The "In-State" and "Out-of-State" designations are based upon where a student tested in relation to your institution.
5. "Hispanic/Latino" includes test takers who indicated "Mexican or Mexican American," "Puerto Rican," or "Other Hispanic, Latino, or Latin American" as their ethnicity/race during exam registration.
6. "Low-income" test takers received a College Board fee reduction for at least one AP Exam.
7. "Parent Education Level" represents the highest education level reported by students for either parent. Some of the categories listed on the chart are composites of the parent education levels selected by students during exam registration, as follows:
 - "No High School Diploma" includes "grade school" and "some high school."
 - "High School Diploma" includes "high school diploma or equivalent," "business or trade school," and "some college."
 - "Bachelor's Degree" includes "bachelor's or four-year degree" and "some graduate or professional school."

DATA NOTES (continued)

8. AP Exams are categorized as follows:

Arts: Art History, Music Theory, Studio Art

English: English Language and Composition, English Literature and Composition

History and Social Science: Comparative Government and Politics, European History, Human Geography, Macroeconomics, Microeconomics, Psychology, US Government and Politics, US History, World History

Mathematics and Computer Science: Calculus AB, Calculus BC, Computer Science A, Statistics

Sciences: Biology, Chemistry, Environmental Science, Physics B, Physics C

World Languages: Chinese Language and Culture, French Language and Culture, German Language and Culture, Italian Language and Culture (discontinued, 2009; reinstated, 2012), Japanese Language and Culture, Latin: Vergil, Spanish Language, Spanish Literature and Culture

9. Italian Language and Culture was discontinued after the 2009 administration, but was reinstated in 2011, with the first exam administration in 2012.
10. This system report is an aggregation of the AP score sends to these colleges and universities. Individual institution reports have only been generated for those colleges and universities to which 25 or more students sent scores.
